

Table of Contents

SECTION I.....	1
Chapter-I	
GAIT	1
Chapter II	
Examination of the Hip Joint	8
Chapter III	
Few Definitions	18
Chapter IV	
Commonly Asked Questions In Examination of Hip Case.....	25
Chapter V	
T.B. HIP	31
Chapter VI	
Fracture Trochanter Malunion	37
Chapter VII	
Old Case of Fracture Neck of the Femur	41
Chapter VIII	
Avascular Necrosis of Hip Joint and Total Hip Replacement.....	47
Chapter IX	
Miscellaneous Cases of Hip pathology.....	52
Chapter X	
Knee Examination.....	58
Chapter-XI	
Commonly Asked Questions.....	70
Chapter-XII	
Ligament injury of Knee joint.....	73
Chapter -XIII	
Genu Varus.....	75
Chapter XIV	
Recurrent dislocation of Patella	80
Chapter XV	
Quadriceps Contracture.....	83
Chapter XVI	
Ankle And Foot Examination	86
Chapter XVII	
Pes Cavus	92
Chapter XVIII	
Ankle Arthritis	96
Chapter XIX	
Charcot's Arthropathy	99

Chapter XX	
Tarsal Coalition and Rigid Flat Foot.....	101
Chapter XXI	
Congenital Pseudarthrosis of Tibia.....	103
Chapter XXII	
Congenital Talipes Equino Varus.....	108
Chapter XXIII	
Tendo Achilles Rupture.....	115
SECTION II	118
Chapter I.	
Examination of Spine	118
Chapter-II	
Examination of A Scoliosis Patient.....	130
Chapter III	
Sacroiliac Joint Examination	139
Chapter IV	
Commonly Asked Questions:	142
Chapter V	
Spondylolisthesis	154
Chapter VI	
Pott's Spine	0156
Chapter VII	
Cerebral Palsy	164
Chapter VIII	
Post Hansen's Ulnar Neuritis.....	181
Chapter IX	
Nerves of Upper Limb and Their Injuries.....	189
Chapter X	
Post Polio Residual Paralysis.....	213
SECTION III	
Chapter I.	
Clinical Examination of the Shoulder.....	220
Chapter II	
Shoulder Instability.....	224
Chapter III	
Sprengel's Shoulder	228
Chapter IV	
Arthritis of Shoulder	230
Chapter V	
Clinical Examination of the Elbow.....	232
Chapter VI	
Cubitus Valgus	237
Chapter VII	
T.b. Elbow.....	239

Chapter VIII	
Stiff Elbow	240
Chapter IX	
Arthritis of Elbow	244
Chapter X	
Malunited Supracondylar Humerus with Cubitus Varus Defomity	246
Chapter XI	
Examination of Wrist and Hand.....	249
Chapter XII	
Malunited Distal Radius Fracture	258
Chapter XIII	
A Note on NCV and EMG.	263
Chapter XIV	
Deformities of Hand	266
Chapter XV	
Ulnar Drift or Deviation.....	269
Chapter XVI	
Compound Palmar Ganglion.....	271
Chapter XVII	
Torticollis	272
Chapter XVIII	
Volkman’s Ischemic Contracture	274
SECTION IV	
Miscellaneous Short cases	277
Chapter-I	
Chronic Osteomyelitis	277
Chapter II	
Amputation Stump	282
Chapter III	
Bone Tumors at A Glance (A Quick Revision Guide).....	285
Chapter-IV	
Nonunion.....	341
SECTION V	
Chapter I	
Commonly Used Classifications in Orthopaedics.....	351
Chapter II	
Instruments.....	392
Chapter III	
Ward Rounds.....	421
Chapter IV	
Orthosis and Prosthesis	450
Chapter V	
Named Fractures	485
Chapter VI	
Angles and Signs.....	489

Chapter VII	
Human Osteology	495
Chapter VIII	
Physiotherapy And Rehabilitation	517
Chapter IX	
Suture Material Sterlization and Ot Techniques	530
Chapter X	
Surgical Approaches In Short	537
Chapter XI	
Indian Orthopaedics	572
Chapter XII	
Orthopaedic Radiology	573
